Plans Review By Cobb County Water System Engineering

For Restaurants and Food Preparation Establishments

Re: County Code Section 122-188.1, Grease Recovery

- ❖ Take one set of plans to CCWS Engineering at 660 S. Cobb Drive (northeast intersection of Atlanta Rd & S. Cobb Dr). This is the Customer Service Facility. Use the main entrance. Engineering is on the right side of the lobby.
- ❖ Plans must show:
 - The restaurant/business name, address (include suite/space no.), & location
 - All kitchen plumbing, drain lines, floor drains
 - All kitchen fixtures and equipment (sinks, dishwashers, etc)
 - All existing and proposed grease recovery traps and/or devices
 - The dining area layout showing seats (give seat count, too)
 - For stand-alone businesses: the location of the dining area and kitchen in the building, the location of the building on the lot, and the location of the sewer on the lot
 - For tenant spaces in malls or shopping centers: the location of the space within the building, the location of the main building drain line and outside sewer line
 - The daily hours of operation and the number of take-outs per day are necessary information, but need not be shown on the plans
- ❖ For further information please call:
 - Linda Lowery @ 770/419-6327
 - Steve Innes @ 770/419-6317
- ❖ Inspection of grease traps or devices after installation will be by CCWS, Environmental Compliance Section (770/419-6430 or 770/528-8433)
